BERTHA WINCKLER, SECURES NEW TENT STRUCK BY AUTO, FOR EXPOSITION BADLY HURT OF MERCHANTS

**Car Driven by J. N. Aneri
Collides With Woman at
Brand and Broadway**

Miss Bertha Winckler of 330 Pioneer drive is lying seriously injured in the Glendale Sanitarium and Hospital as the result of being hit by an automobile driven by J. N. Aneri of 1306 East Broadway.

A severe scalp wound at the base of the skull and slight abrasions on the arms and legs comprise the woman's injuries the seriousness of which had not been determined at noon today.

The accident occurred at Brand boulevard and Broadway just north of the First National Bank. According to witnesses, Miss Winckler seemingly became confused at the oncoming machine and stopped in its path instead of stepping out of its way.

Quickly Stops Car

So quickly did Mr. Aneri stop that the car did not pass over the prostrate woman. She was placed in B. M. Emerson's motor car by police officers and rushed to the surgical ward of the Glendale Sanitarium and Hospital where her wounds were dressed and she is reported resting comfortably, although some time may elapse before surgeons will be able to ascertain if the delicate nerve centers of the brain were injured.

Five or six similar accidents have occurred at Broadway and Brand because of the broad streets which permit machines to come simultaneously from two directions, south and west. As they swing into Broadway the pedestrian who is missed by one is apt to be hit by the other unless great agility is shown.

Four Persons Injured

Four persons were hurt early Sunday morning when the car in which they were riding rolled over an embankment on the state highway between La Canada and La Crescenta. Miss Uphie Vandegrift, the most seriously injured, was brought to the Glendale Sanitarium and Hospital by Mr. Oughton of La Canada. G. J. Farris of La Crescenta, Burt Spencer of Sunland and another girl were the occupants of the wrecked machine.

Officer Guy Welles of the Glendale police department went to their aid after Mr. Oughton reported the accident. Miss Vandegrift was reticent this morning about giving the names of her companions, stating she only knew them casually.

Not Seriously Injured.

While turning north from Broadway to Howard street this morning at 10:30 o'clock Eugene E. Wikall of 1343 East Forty Second street, Los Angeles, collided with a bicycle ridden by Arthur Lee of this city. The injured boy was rushed to the Glendale hospital, where it was found that no serious injuries had been inflicted.

J. F. Stanford Plans Home for J. Wyvell

J. F. Stanford, builder, with offices at 112½ South Brand boulevard, reports that he has started the construction of a large five-room house for James Wyvell at 1203 North Brand boulevard which will cost about \$5,000. It is in the Casa Verdugo section which Mr. Wyvell has developed and it will decidedly improve the northwest corner of Stocker and Brand.

**Harry E. White, Treasurer of
Company, Gives Order
for \$11,500 'Top'**

Harry E. White of Los Angeles, treasurer of the Pacific Coast Exposition Company, which is directing the Glendale Merchants' Exposition, under the auspices of the Chamber of Commerce, returned from San Francisco last week and reports that a new \$11,500 tent will be completed for the show here, according to promises by the manufacturers. It is to be shipped August 15 and the show opens here on August 27.

The "big top" is one of the longest in the west, with three great one-piece center poles and twelve foot sidewalls. The latter may be dropped five feet for ventilation purposes without permitting the public to gaze into the tent.

Nearly All Space Taken.

"Practically all of the space in the local show, with the exception of a few feet along the runway and one or two booths, has been sold to exhibitors", Mr. White said.

"Never before in the history of a score of shows put on by the Pacific Exposition Company has our director, H. Elmo LaBregue, met with greater support from the merchants or greater co-operation from the Chamber of Commerce, newspapers and other organizations. Everything points to a most successful exposition here—and it is still three weeks from the opening".

Varied Events Proposed.

All of this, too, it might be added, in face of an industrial exposition in Los Angeles a week prior to the local show and the San Fernando fair a few days later than the dates set for Glendale's event. The style revue, the motorcar displays, etc. are all assured and other events are being lined up by Director LaBregue.

A large sign has been planted on the vacant lots at the corner of Harvard and Orange streets announcing that the exposition will be held there August 27 to September 3. It will occupy nearly a half of two blocks.

JOHN J. M'KEOWN TO BE FREED, ENGLAND ANNOUNCES
LONDON, Aug. 8.—Great Britain moved swiftly today to prevent a break in the Irish peace negotiations. Sinn Fein threats, even though they were unofficial, to break the truce if John J. McKeown, Dail Eireann member, was not released from prison, brought immediate action. McKeown, it was stated, will be released to join other members of the Sinn Fein parliament in discussing the British proposals. Care was taken to make it plain that McKeown will be released, not because of the Irish threat, but because the government promised that all members of the parliament would be freed.

BETWEEN THIRTY-SIX AND FORTY-TWO ALASKA DEAD
EUREKA, Cal., Aug. 8.—Although all eyes were turned this morning to the mournful beach off Cape Mendocino, opposite Blunt's Reef where the passenger steamer Alaska foundered Saturday night, no bodies of the missing, variously estimated at between thirty-six and forty-two, had been washed up on the sands at an early hour. The coast guard cutter Venturesome, patrolling the tragic waters off Blunt's Reef has discovered none of the dead, whose bodies the sea has apparently claimed for its own. Of the seventeen bodies, stark and blue, lying on the marble slabs of the Humboldt county morgue, only nine have thus far been identified. There is still some doubt as to the exact number of persons, passengers and crew, aboard the doomed ship. The number is estimated at somewhere between 210 and 216. If there were 210 aboard, the missing number is twenty-six, for 157 survivors have thus far been landed here. If the correct number is 216, then the missing number is forty-two. A goodly part of the survivors who were uninjured, or who were sufficiently revived from the exhaustion and shock to travel, took the train at 7:45 o'clock this morning for San Francisco, where they will arrive tonight.

MAN IN MURDER MYSTERY ARRIVES IN LOS ANGELES

LOS ANGELES, Aug. 8.—Arthur G. Burch, son of Rev. William A. Burch, of Evanston, Ill., arrested in Las Vegas, Nev., in connection with the murder of John B. Kennedy, arrived here at 9:40 a. m. today. Burch, a small man, dressed in a white Palm Beach suit and wearing thick lensed glasses, smiled and joked with newspapermen and photographers who met him at the train. As he was alighting from the train Burch, apparently suffering from nervousness, stumbled on the top step, but quickly recovered his balance. As Burch stepped from the train Chief Deputy Sheriff Al Manning introduced himself and shook hands with the prisoner. He was not handcuffed and was permitted to walk several feet in front of the authorities who had him in custody, to a waiting automobile, and was hurried away to the county jail. "My 'cousin' was Madalynne." This was the admission of Burch to Deputy Sheriff Nolan, the latter said before he left for Los Angeles with his prisoner. Authorities had been pressing Burch since his arrest late Saturday night for the identity of the mysterious woman, allegedly his "cousin," who visited him in his room at the Broadway hotel, Los Angeles, during the long hours that he kept vigil from his window upon the offices of John Belton Kennedy, murdered broker, across the street. "Madalynne" is Madalynne Obenchain, beautiful divorcee who was with Kennedy at the time he met his death.

BUSINESS DOUBLED IN FOUR MONTHS, THEY REPORT

**Remarkable Record Is Shown
by Local Business Men;
Prosperity Talks**

What other town in America can boast of two distinct lines of commercial enterprise which have doubled their volume of business in four months' time?

That is the record of the Fancy bakery, 142 North Brand boulevard, an established business, purchased by Henry Walsma last April, and Fisher's Variety store, 212 East Broadway, which opened its doors April 15.

Following are additional interviews with business and professional men which prove that prosperity is maintaining here in the dulllest months:

HENRY WALSMAN, Fancy Bakery—Since taking over the Fancy Bakery business four months ago, my business has doubled during the summer. Glendale is quite a different town from what it was when I first opened a bakery here five years ago. I could have made no such record then.

J. F. FISHER, Fisher's Variety Store—July business showed 20 per cent gain over June—a remarkable record for a new business, established April 15. I have had to double the stock to take care of the great volume of business and I am now adding new lines for which I find a big demand.

EARL NAUDAIN, Glendale Electric Co.—Our business is running along just the same as always. Our wholesale men say that Glendale is one of the two live towns in southern California where building booms continue. We are satisfied if conditions keep as they are this summer. Incidentally, we have sold more electric fans this summer than ever before.

J. F. STANFORD, home builder—Our business has increased here to such an extent that I started new residences last week totalling \$15,000. I know we are going to have the best fall in the history of Glendale, as building conditions are looking fine.

JAMES F. M'BRYDE, attorney—The handling of new incorporations and the many legal phases of the numerous business transactions now being carried on in Glendale makes the law profession here very prosperous. In the past year three more attorneys have opened offices in Glendale and all are keeping stenographers busy. A large share of our business now consists of properly advising business men "putting over" large deals—a condition which is very recent.

S. A. Davis Is Given Fine Elgin Watch

S. A. Davis, councilman and realtor, was presented with a beautiful B. W. Raymond movement watch, manufactured by Elgin, by W. K. Russell as a token of appreciation for "putting over" the New Ford agency home at Colorado boulevard and Orange street.

Mr. Russell left Glendale Saturday afternoon for his home in Kansas City, after making a decided improvement here in the big building on his lots, well satisfied with the future of this city. He is the owner of an auto body manufacturing plant in the Missouri metropolis.

RETURNS FROM VISIT EAST.

Mrs. M. E. Burrington of 412 East Elk street returned to her home last night after an absence of six weeks, during which time she visited friends and relatives in Arkansas and various other states throughout the south and east. She reports having enjoyed a good time, but that the Glendale climate feels good to her after sweltering in the eastern heat for six weeks. Most of Mrs. Burrington's vacation was spent at Little Rock, where she was entertained by relatives.

NINE BUNGALOWS IN COURT.

Lee Etting and Arthur Glade of 219 West Lomita avenue are having plans prepared for a court of nine bungalows to be erected on Lomita between Brand boulevard and Louise street.

VISITORS ARE ENTERTAINED

Mr. and Mrs. F. C. Hamilton of 350 Ivy street recently entertained Miss Sarah Jones of Sparta, Wisconsin. Miss Jones is making an extensive tour of the western states.

FRED S. DIXON IS BACK.

Fred S. Dixon, of 324 South Verdugo Road, who went to San Francisco Thursday on a business trip, returned to his home Sunday evening.

GRANTS CHARTER TO 'FIRST SAVINGS BANK' HERE

**Bank Superintendent Dodge
Takes Action; Prosperity
of City Complimented**

After personal investigation, during which he observed the financial growth of Glendale and complimented the city on its prosperity, Jonathan S. Dodge, recently appointed superintendent of banks by Gov. W. D. Stephens, and formerly a county supervisor from this district, today announces he has decided to grant a savings bank charter to the First Savings Bank, to be located at 104 East Broadway, the institution being owned by the stockholders of the First National Bank.

The application for a charter for the First Savings Bank was presented to the state banking department by C. C. Cooper, R. F. Kitterman, George T. Paine, E. L. Osborne, H. S. Webb and E. U. Emery. The capital will be \$50,000. All of the stockholders of the First National Bank are local residents and all will be interested in the First Savings Bank, which will take over the safety deposit business and savings accounts now handled by the First National Bank.

To Further Prosperity
The room at 104 East Broadway is now being remodeled to house the savings institution, the safety deposit department and also the escrow department, the latter now being on the second floor of the bank building.

As savings banks are permitted to loan money on buildings and city real estate for periods of time longer than one year, and will permit the use of savings deposits for local improvements, it can be readily seen that the enlarged institution will be in an even better position to continue to participate in a great measure in Glendale's growth and prosperity.

After making a thorough investigation of the financial situation in Glendale, Superintendent of Banks Dodge stated:

Compliments City
"It seems to me that Glendale is growing faster than any city in the United States," and certainly there is a full demand here for loans and investments. No doubt there are many people who live in Glendale who are not now patronizing the local banks, and probably many who are not depositors in any bank at all. Surely there is room for another savings bank, and after viewing the situation and conferring with the business men, I will grant a permit for the First Savings Bank to open for business."

Workmen are rushing the new banking building room to completion. The marble work is now being installed. It is the plan to have the new institution ready for business about the first of September.

Local Chiropractors Open Office In City

Drs. Richard and Frances Eble have returned from the Palmer School of Chiropractic at Davenport, Iowa, where they completed their course of study and have opened offices in their bungalow at 228 South Louise street. They give an interesting account of the work at the Palmer school, where over 2200 students from all over the world are in attendance and over 3000 patients adjusted daily. The doctors planned to locate in Long Beach after their return, but the call of Glendale, where they have lived since 1908, was too strong and they have returned to make it their home once more.

Laura Wilford Brown Given Surprise Party

Miss Laura Wilford Brown was the guest of honor at a surprise luncheon party given at the library Saturday by the members of the staff in celebration of her birthday anniversary. Miss Brown reported at the library at noon, supposedly to relieve Miss Nellie Rowe. Upon her entrance she was invited into the office, where a cafeteria luncheon was served. Floral decorations carried out the color scheme of blue and gold. Mrs. J. C. Danford and members of the library staff presented Miss Brown with a handsome Japanese umbrella.

LOCATE AUTO OWNER.

The local police department reported this morning that the owner of the Hudson automobile which was found abandoned on Kenwood street last week had been located, and that the machine will be returned today. M. T. Wilhoit of 2545 Thirtieth avenue, Los Angeles, is the owner of the car, which was stolen on Tuesday of last week from Sixth and Olive streets, Los Angeles. When found in this city the automobile, had been left by the thieves after the rear end had collapsed.

"FATTY" ARBUCKLE HERE.

The rapidly increasing population of Glendale was greatly enlarged this morning by the appearance of Roscoe "Fatty" Arbuckle, who was in town for a few scenes of one of his latest productions. Several hundred people gathered in the vicinity of the city hall, where the scenes were "shot", to catch a glimpse of the rotund comedian. While most of the attention was directed toward "Fatty" himself, his fair co-star, Lila Lee, and also his \$26,000 automobile drew their share of praise and admiration.

When you hear of great discoveries in electricity, medicine, and mechanics, you wonder why science doesn't do something to help you every day in your life, such as making shoes wear longer.

That is just what has happened. Science offers you WonderWear.

About a year ago thousands of newspapers and magazines announced that Fred A. Howard, the New England scientist, had discovered a new basic product which restored and preserved the original life of leather. Since then this new fluid, now named WonderWear, has been used on many thousands of pairs of shoes, of all kinds of leather, worn under all conditions, and in many climates, and the result is always the same

—the wearing quality of the shoes is greatly lengthened, they are permanently made delightfully comfortable, and this remarkable change, accomplished by the single treatment with WonderWear, does not prevent the shoes from taking the usual shine.

Some day the size of your family's shoe bill will lead you to buy and use WonderWear. Do not feel that you risk anything. WonderWear radically improves leather, so cannot injure your shoes—and if you do not agree that WonderWear does exactly those unusual things claimed for it—your money will be returned to you.

BURBANK BUILDING IN SEVEN MONTHS OVER \$600,000

Population Now Well Over
5000, Is Claim; Notes of
Valley Section

Burbank boasts of more than
\$600,000 building in the first seven
months of this year. H. W. Rous-
cup, who is completing a census of
that city, states that the population
is well over 5,000. The federal cen-
sus showed 2,900 in 1920.

Plan Business Blocks
Although less than \$10,000 in
building was done by San Fernando
in July, August is predicted to be a
record breaking month for new con-
struction there, with several business
blocks contemplated.

Picture Star at Burbank
"Fatty" Arbuckle was in Bur-
bank last week taking a number of
scenes connected with a moving pic-
ture which as yet has not been
named.

Estimates Bees Crop
With the average condition of the
crop good, and with approximately
double the acreage of last year, there
will be about 26,000 tons of bees
raised in the San Fernando valley
this year, according to L. M. Riggs,
in charge of the American Beet
Sugar company's office in Van Nuys.
There are about 2,400 acres planted
to beets in the valley.

Fire Fighting Machine
Owensmouth is to have a real fire
fighting machine as a result of a
conference with the Los Angeles fire
chief last week. On a Ford truck
chassis is being mounted a chemical
equipment along with a full run of
water hose, and this with the present
equipment will give an ample hose
supply for almost any emergency.

Closes Apricot Pack
The Van Nuys Canning company
closed its pack of apricots last week,
having handled 380 tons of fruit,
which is about 100 tons more than
were handled last season. All of the
apricots were shipped in from Red-
lands and other points, with the ex-
ception of about sixty tons, which
were secured from valley orchards.
The plant will be closed for about a
week, during which time it will be
given a thorough renovating and will
be put in condition to start on
peaches. C. M. Gammon, president
of the company, stated that prices
on peaches will be from \$20 to \$35
per ton, according to grade.

Professor Nelson Is Visitor In Glendale

Professor C. E. Nelson, who was
recently elected president of Pacific
Union College, at St. Helena, Cal.,
one of the Seventh Day Adventist
schools, was a visitor in Glendale
last week in the interest of his in-
stitution. Several students will go
from the city the latter part of this
month to take up college courses.
Elder A. R. Ogden, president of
the North Pacific Union conference
of the Seventh Day Adventist
church, with headquarters at Col-
lege Place, Washington, also has
been spending a few days in south-
ern California conferring with Pacific
Union conference officials here.
He left yesterday for his home.

Father Driscoll Is Speaker on Sunday at Catholic Church

During the absence of Rev. James
S. O'Neill, who is recuperating
from a serious illness at Marietta
hot springs, Rev. Father Driscoll of
Loyola college yesterday said the
mass at the Holy Family church and
preached an appealing sermon on
"Daily Communion."

Father Driscoll pointed out that
in teaching his disciples to pray
Jesus taught them to say "Give us this
day our daily bread." He was speak-
ing of spiritual things in this, the
most perfect prayer, and this should
lead us to believe that God wishes
His people to receive daily com-
munion. It is not right to feel that
one is not worthy to approach the al-
tar often, for each communion makes
the Christian stronger, more com-
petent to fight the temptations of
the world, more pure in heart, and
so more worthy to receive his next
communion.

Father Driscoll emphasized the
fact that so many people plan to give
up their evil ways in the future, and
so few of them live to see the day of
their reformation. There is no time
like the present and no one can af-
ford to put off from month to month
and from year to year these vital
things our Lord urges us to come
often to His table. To stay close
to Him. We dare not endanger our
souls by neglecting His call, for as
food is necessary to sustain the body,
so is the worthy reception of Holy
Communion necessary to sustain the
soul, he said. If all Christians could
receive communion every day, or
even every week, they would have
little difficulty in overcoming tem-
ptations and molding their lives in the
way intended by Jesus Christ, he
said.

Father Driscoll brought a message
of thanks from Father O'Neill for the
many kind remembrances he has re-
ceived from members of the parish
during his illness.

In Southern California

Little Bear Lake Sold
Little Bear lake, fifteen miles
north of San Bernardino, has been
bought from the Mooney estate of
Cincinnati by a syndicate headed by
Morgan Adams for several millions
of dollars. The lake was created
first as an irrigation project.

Excitement In Hollywood
Hollywood is all "het up." A
boxing show would be staged in their
exclusive "bow" amphitheatre. The
clergymen on the art association
board controlling the prideful pleas-
ure place say, "Why bring Jersey
City of Hollywood." Business men
have retaliated at this censorship by
withdrawing their contributions to
the art center.

Former L. A. Mayor Is Dead
Henry T. Hazard, attorney and
one-time mayor of Los Angeles, died
yesterday at his home in Los An-
geles. He was 77 years old. He had
been a resident of California for
sixty-eight years, coming to this
state from Illinois.

Something to Figure Out
In a martial mixup coming to light
in Los Angeles today, F. Winston
Phillips, who married a wealthy
widow, is father-in-law to his twin
brother, who married the widow's
daughter. Mrs. Lucella Gaines Phil-
lips caused her young husband to be
jailed on a charge of forgery.

Plants having "lady" attached to
their names, were formerly dedicated
to the ancient goddesses; but Christi-
anity claimed these flowers for the
Virgin Mary. They are of good me-
dicinal virtues.

American Citizenship Theme of Club Work for Coming Meetings

Mrs. R. E. Chase of 239 North Or-
ange street, district chairman of
drama, attended a tea given Thurs-
day afternoon by Mrs. John C.
Urquhart, president of the district
federation of women's clubs, at the
home of Mrs. Hugh Gibson in Los
Angeles. Plans were made for the
coming year's work, the theme of
which is to be American citizenship.

Mrs. Chase has been asked to put
on a pageant or play, in which all
of the clubs will take part, at the
district convention to be held in
Santa Monica in March. The idea to
be carried out in this pageant or play
is also to be American citizenship.
After a discussion of plans, a so-
cial afternoon was enjoyed in the
gardens of the Gibson home where
tea was served.

Twenty Chickens Are Going to China for Missionary's Benefit

It is reported that Chinese eggs
are flooding the American market.
Yet the Poultry & Pet Stock ex-
change of 117 West Broadway,
Glendale, will ship twenty Rhode Is-
land Red chickens to China on Aug-
ust 20. They will sail on the S. S.
Golden Gate.

A missionary who is leaving New
York city for the foreign field or-
dered the birds through a friend here
to insure him having chicken in his
Sunday chop suey, undoubtedly.

It is said that the quickest way to
a heathen's heart is through his
stomach and probably this sky-pilot
will win many converts to Chris-
tianity by using chickens as a decoy.
One reason advanced for his hav-
ing Glendale chickens sent him is
that the Broadway chickens are too
tough. Maybe so.

'Spirit of American Doughboy' In Statue

"Have you a doughboy in your
home?"

This short phrase will soon be-
come as popular with Southern Cali-
fornians as "Hello, Bill" was dur-
ing the recent Elks convention in
Los Angeles, according to A. G.
Wheeler and L. M. Durvey of this
city. These two young men, who
are both veterans of the World war,
have recently been appointed as the
sole representatives of Southern Cal-
ifornia for "The Spirit of the Amer-
ican Doughboy," which has been de-
clared the official American legion
memorial statue.

E. M. Viquesney, who is the de-
signer and sculptor of the famous
doughboy likeness, originally plan-
ned the statue as a memorial to the
victims of the Centralia, Washing-
ton, tragedy. He immediately re-
ceived so many congratulatory mes-
sages that he decided to further per-
fect it so as to produce "the detailed
and accurate execution of a World
war statue that is acknowledged by
military men, artists, sculptors and
the general public to be the real
doughboy that he represented."

Five per cent of all the money
taken in this city is to be turned
over to the local post of the Amer-
ican legion by the young men.

The statues will be on sale Aug-
ust 23.

Horace Anderson Says 'City First In All'

The Glendale Evening News is in
receipt of a letter from one of its
popular newboys, who is on leave of
absence for the summer, Horace An-
derson, son of Mrs. A. K. Anderson
of 454 West Maple street. Horace
is making a tour of the United
States during his vacation and
writes from Forest City, Iowa. Be-
fore arriving at that city he made
eleven stopovers and took many side
trips, including the trip up Pike's
Peak by auto and several others in
that district. He stopped at the fol-
lowing cities: San Francisco, Tahoe,
Reno, Truckee, Salt Lake City, Pu-
eblo, Colorado Springs, Manitou,
Denver, Omaha, Minneapolis and St.
Paul. From Forest City he will go
to Independence, Iowa, Chicago, De-
troit, Springfield, St. Louis, New Or-
leans, Houston, El Paso, Tucson, San
Diego and then to Los Angeles.

Horace states that he received a
forwarded copy of The Glendale Ev-
ening News telling of Glendale win-
ning the first place in the Elks' floral
parade, and closes his letter by
asserting that Glendale will soon be
first in everything.

vince of British Columbia, is the

street. They were born and raised

Rhoades, secretary of the Glendale
Chamber of Commerce, was mayor

Simon Bickel Buys Fine Residence Here

Newcomers in the persons of
Simon Bickel and his two daughters
came overland in their auto, arriving
last week, and Saturday bought the
beautiful new bungalow at 134 Olive
street belonging to S. L. Smith.
Mr. Bickel has been mayor of La-
throp, Mo., for the last six years. He
has a son living now at La Crescenda
who came to Glendale about two
years ago. The sale of the home
was made by James W. Pearson,
realtor, of North Brand boulevard.

If a little fresh dirt taken from
the grave of a child which has been
baptized within a twelvemonth, is
sprinkled on potted plants, it will
make them flourish and have large,
handsome flowers, is a superstition.
A gram of radium, it has been said,
will give out enough energy before it
is entirely dissipated to raise 400
tons through one mile.

The chief secret of comfort lies in
not suffering trifles to vex one, and
in prudently cultivating an under-
growth of small pleasures, since
very few great ones are let on long
leases.—Anon.

Cowardice masquerading as cau-
tion, and indifference as moderation,

MARY PICKFORD AT GLENDALE TODAY IN 'POLLYANA'

Game of Being 'Glad' Now
Played Here; Anybody's
Able to Enter It

The game of being "Glad." That game being played again today by "Pollyanna" at the Glendale Theatre with Mary Pickford as the "Glad Girl." It's a game of sunshine—a game that can be played by anybody, anywhere and anytime and what is better still, there is no limit to the number of players in the game. Anyone can get into the game. So said Miss Pickford in her production, and she is the one who really knows, for it was "Pollyanna" herself who organized the game and made the rules to match. She it was who demonstrated that the "Glad Game" is the only game worth while as you've got to smile to win.

No matter how poor a hand you have been dealt, you've got to grin and bear it, as there is a big possibility that it might be worse. That is "Pollyanna's" theory.

The "Glad Game," as played by Mary Pickford is extremely entertaining. "Pollyanna" knows how to play it and always wins. Of course, she is only a little orphan girl, a daughter of poor missionary workers, but what of that? She is happy anywhere. Nor does the fact that her maiden aunt, who did not want to be bothered with "Pollyanna," make any difference. "Pollyanna" adapts herself to circumstances.

Mission Supply Co. Says Business Good

The Mission Supply company at Central and Colorado is adding to its already complete and modern equipment. A greasing and oiling rack is being erected in the "station" yard with a pit arrangement which will facilitate the handling of machines. George W. Peters, proprietor, and Mrs. Peters report a steady gain in business and indicate that this is a barometer of traffic on Central and Colorado.

He has met many people who have been in Los Angeles and they all speak of Glendale as being one of the finest small cities visited.

Street Improvements Are Under Discussion Before City Council

T. W. Watson, city manager, submitted the following communication to city council Thursday night which he stated, was "in regard to the improvement of Doran, Everett and Geneva streets and Lexington drive, proceedings for which were ordered some time ago and have been partly prepared:

"The preparation of these proceedings has been delayed somewhat pending the decision of the board of education as to whether they will have funds to meet the cost of the paving around the Doran street school property on Doran, Everett and Geneva streets. Upon instructions of your council we inquired of the school board as to this matter and received their answer under date of August 1 to the effect that in view of the rapid increase in school attendance caused by the recent growth of Glendale and the consequent increase in the cost of maintaining the schools, it will be impossible to add to this year's budget a sum sufficient to meet the assessment for street improvement.

Favors Elimination

"The estimated cost of the portion of this improvement that would be assessed to the school property is \$3,600. In view of the above statement from the board of education, I would recommend that the Doran street school property be eliminated from the improvement district in this connection and that one-half of the roadway of Doran, Everett and Geneva streets upon which this property fronts be also eliminated from the improvement proceedings. This is not an ideal plan but it seems the only plan that can be pursued unless the whole matter be delayed for one year which would seem inadvisable. It is possible that some plan may be worked out after the improvement is completed whereby the roadways next to the school property may be oiled temporarily until the board of education is in position to have the pavement installed."

The suggestions made by the city manager were ordered put on the calendar for consideration at the next meeting of the council.

Presbyterian Church Is Great Institution, So Pastor Indicates

At the Presbyterian church Sunday morning Rev. W. E. Edmonds preached the first of three sermons under the general text, "For the Son of man is come to seek and to save that which was lost." (Luke 19:10).

"The Presbyterian church in all its length and breadth and scope is one of the largest and most important business concerns in the world. It knows where it is going," he said. "It has a great financial basis in a plant valued at \$325,000. It has lands on which stand nearly 10,000 church buildings. Each of the churches knows it has a task to do. There are 5000 mansees, 86 hospitals, 121 dispensaries, 2500 schools; it has theological seminaries, orphanages, three great office buildings. The sun never sets on the activities of our church, on all sides of the earth. It is the greatest hospital agency in the world, with a marvelous record of work. You will never make ninety-five per cent of your dollar go farther than by putting it into such work. The blind and deaf have come under the mercy of your dollar in getting relief. We need to be enthusiastic and earnest in pushing this, our work; our dividends are in restored lives.

"There must be an organized force that operates all the numberless factors that go into our endowment and are all put to particular uses. Boards, which do these things, are a larger edition of committees. Men who compose these are great men, ones who stand at the head of millions and can do things, and who give their time to look also after these church works. A board is simply an organization to care for and execute the work that has to be done. There has to be machinery to run these things, but it has to be consecrated machinery.

Says Men Coming Back
"No phase of our work is an end in itself. The one great outstanding word is evangelism. The first and supreme task of the church is to make disciples. What it needs is more passionate preaching, not for noise sake, but the real thing, and diligently.

During the war men were sliding down away, but now they are coming back, and the cry is for men to win men. The Sunday school is a great evangelization agency. Thousands have been gathered into the daily vacation Bible schools. The board of Sabbath school work gathered more than a million and a half into mission Sunday schools. Yet there are as dark unprovided spots in California as anywhere."

EXTENSION OF GAS MAINS IS URGED BEFORE C. OF C.

Monte Vista Valley Anxious
to Get Service; Tujunga
Wants to Form Band

Extension of gas mains from the San Fernando valley into the Monte Vista valley and lengthening the hours of telephone service were the principal topics of discussion before the Monte Vista Chamber of Commerce last week. Hansen Heights people are co-operating in getting the gas service.

Eagle Rock Is Active.
Eagle Rock is up and coming when it comes to building. With \$88,000 in permits during July the optimists there foresee a million dollar year. Two business blocks are under way and scores of homes are springing up on the hills.

Tujunga Wants Band.

Musicians are wanted to form a band in Tujunga. It is said that such a musical organization is vitally necessary to the success of the Moon festival to be held there the first of September. A contest is being held to elect a carnival queen and badges are being sold to pay all preliminary expenses. The Tujunga Legionnaires say they'll show Burbank how to stage a remunerative benefit.

Must Move, Says Landlord.

In addition to selling part of their water system, the Eagle Rock city trustees last week received notice from the landlord of their city hall to move within three days. Not having new quarters ready, they referred the matter to the city attorney.

Dr. A. Ray Moore Is Speaker on Sunday at Methodist Church

Dr. A. Ray Moore occupied the pulpit of the First Methodist church Sunday morning, the first Sunday of Dr. Crist's absence. Dr. Moore is well-known to the congregation, having been a district superintendent and having occupied the pulpit on several occasions about five years ago. For the past three years he has been helping in the centenary movement and has crossed the continent fourteen times, traveling over 80,000 miles in furthering the work.

Dr. Moore delivered an earnest sermon, taking his text from Paul's first epistle to the Corinthians, 16:13. "Watch ye stand fast in the faith. Quit ye like men. Be strong."

This virile message," said Dr.

Moore, "came to the early church as a word of warning and served as a slogan to keep it watchful and alert. Serving a similar purpose to the slogans of our country, among which we can recall Lincoln's 'Hit it—slavery—hit it hard!' Commodore Lawrence's 'Don't give up the ship,' Grant's 'Fight it out on this line if it takes all summer,' the Spanish-American war slogan, 'Remember the Maine' and the more recent one of the world war, 'Fight with your back to the wall and don't give up.'

Testing of Faith

"This warning to the church at Corinth was in strenuous times. Persecutions and bitter oppositions were testing the faith of these heroic men and Paul was anxious that none should slip. But this warning is also needed in our day. We need to watch. Our young people in the summer institute this year suggested this acrostic:
Watch our words. Not hurtful, but helpful.
Actions also require our attention.
Thoughts, 'For as a man thinketh, so is he.'
Companions lead us either up or down.
Habits need to be formed of mind and heart.
Never a greater need to stand fast for the right than now. By giving heed to these words we are not only better ourselves, but can help others."

Picture Stars Will Take Part In Event

Twenty-five moving picture favorites will lend their services to the Sunland Chamber of Commerce the night of August 17 to help raise funds for the needy children at Monte Vista lodge.

The All-star vaudeville will be staged in the Live Oak Grove in Monte Vista Park, at Sunland. It is given by the Sunland Chamber of Commerce to raise funds for furnishing equipment to Monte Vista lodge, a vacation home for needy children. The affair has the approval of the Council of Community Service of California.

Wallace Reid, Wanda Hawley, Gabriel Belanger, Margaret Campbell, Bebe Daniels and Lester Cunnio are among the moving picture stars that will appear on the program.

Our days are better lighted by loving smiles than by the sun.—Leigh M. Hodges.

DR. C. F. SIETTER IS SPEAKER SUNDAY TO METHODISTS

Former Denver Pastor Is
Here to Give Sermon on
Sunday Night

Dr. Charles F. Sietter, pastor of the First Methodist church of Redlands, preached the Sunday night sermon at First Methodist church. He brought the people a stirring message from the words of Christ, as recorded in Matthew 10: 37-38. "He that loveth father or mother more than me is not worthy of me; and he that loveth daughter more than me is not worthy of me; And he that taketh not his cross, and followeth after me, is not worthy of me."

"These are hard words," said Dr. Sietter, "searching words. A challenge to soft, lazy, self-complacent people. So long has the pulpit dwelt upon the mercy of Christ, on his tenderness, that the new has become effeminate. No doubt but there is a great deal of sorrow and suffering in this world of ours which needs this phase of Christ's nature. The sympathies and consolations of the gospel. We cannot afford to lose it out of the world. But ours is a symmetrical Christ. He pours out upon us all his love and tenderness. He gives to us freely of himself. And he expects no less of us than a whole-hearted surrender and service and he plainly tells us that in no other way can we be worthy of His love and presence. This is a challenge to the red-blooded men to whom he was speaking; to His disciples and also to us; to you and to me.

They Leave Their Work

"Follow me," said Christ to Matthew, and Matthew left his tax collecting. "Follow me," said Christ to Peter and Andrew, and they left their ship. "Follow me," said Christ and James and John left off mending their nets. They followed, it is true, but thank God they went on to the bitter end. In his commission to his disciples Christ said: 'The foxes have holes, the birds of the air nests, but the son of man hath no where to lay his head.' And on another occasion he said, 'No man having put his hand to the plow and looking back, is fit for the Kingdom.'

"There is no nationality in the Kingdom of God. In addressing the students of the University of Edinburgh, Henry Drummond, the great preacher said, 'Young men, either means business in your Christian life or don't make a profession at all.' Christ is calling us to a great service. Not blindly, but to a partnership. He takes us into his confidence, tells us about the father and outlines the program for saving men and bringing in his kingdom."

Dr. Sietter was pastor of one of the large Methodist churches in Denver for four years. Sunday night at the close of the services he met some of his former parishioners in the congregation. Dr. Sietter is the father of Carl Sietter, director of the religious instruction in the Glendale First Methodist church.

American Inventions to Set New Record

By RALPH F. COUCH
United Press Staff Correspondent
WASHINGTON, D. C., Aug. 6.

American inventors and designers will pay the federal government more than \$2,000,000 in fees this year to obtain patents on their contrivances, officials of the United States patent office estimated today.

This will be the biggest year in the history of American invention, it is predicted. Between 40,000 and 50,000 patents will be issued by the government.

Hundreds of the patented devices are intended to make life easy for the American housewife.

Boss bakers can dispense with several journeymen if they adopt a machine intended to trim pie crusts, one inventor promises.

Moses W. Carden of Opelika, Ala., is the originator of a churn attached to a rocking chair by which the farmer's wife may rock and manufacture butter with the same motion.

Thomas A. McCulley of San Francisco, patented a machine to sit on the bed of the ocean and draw its power from the motion of the waves.

Lafayette A. Conley of Sault St. Marie, busied himself with originating a "heelless" sock for men.

LOT SOLD FOR \$3,200.

The lot on the northeast corner of Broadway and Belmont street was sold Friday to B. Atamio of Los Angeles. The price was given at \$3,200. Mr. Atamio is at present a resident of Los Angeles, where he is engaged in business. He is planning on making his home in Glendale within a few weeks. He has announced that in the near future he will erect a modern store building on his newly acquired property, which has 160 feet frontage on Broadway. He will conduct a grocery business in one of the store rooms. The sale was made by P. K. Dowd of the Galbraith realty company.

**NATURAL COLORS IN
FEATURE PICTURE,
PALACE GRAND**

Public Invited to See New
Organ Being Installed;
Imitates Orchestra

For the first time in the history
of Paramount picture-making in the
east, scenes made by the Prisma pro-
cess in natural colors have been in-
corporated into a Paramount feature
picture. This was for "The Gilded
Lily," featuring Mae Murray, which
is being shown again today at the
Palace Grand.

Director Robert Z. Leonard, in ex-
plaining the reason for combining
Prisma shots with the regular mo-
tion picture photography said that
"The Gilded Lily" lent itself espe-
cially to colored photography for the
opening and that by use of it the
main theme of the story could be
more convincingly and effectively in-
troduced.

Miss Murray has the part of Lil-
ian Drake, a sensational dancer,
who is tired of her inane life and
desires to marry and settle down.
How she succeeds in achieving her
wishes is material for one of the
best pictures shown in this city in
many weeks. There is a surprising
finish to the story which doubtless
will occasion much discussion.

The new Hope-Jones Wurlitzer
master unit organ which has been
in the course of manufacture for
months is being installed. It will
faithfully imitate a seventy-five piece
orchestra, according to N. J. Flem-
ing, the new manager of the Palace
Grand who succeeds James Richar-
dson. He invites the patrons to see
the new instrument while it is be-
ing installed.

**New Vaccination Law
Provision Explained**

LOS ANGELES, Aug. 8 — Dr.
Herbert F. True, Director of the
Los Angeles School Health Depart-
ment, in explaining the new State
vaccination law which went into ef-
fect in California on July 23, makes
the following statement for the
guidance of parents, teachers and
school officers:

"In event that a case of smallpox
develops in a school district the
only persons who will be excluded
from school will be the patient and
other residents in his home. Per-
sons who have been exposed by
these other residents who have not
been vaccinated will not be ex-
cluded as heretofore. This will mean
a great saving to the schools in that
the attendance will not be cut
down every time a remote exposure
occurs in a school.

"If however, smallpox becomes
very prevalent in the district, the
State Health Officer may order the
entire closing of the school to all
persons, no distinction being made
between vaccinated and unvaccinat-
ed children.

"Teachers will not be under the
necessity of filing vaccination cards
with the schools nor will they have
to require vaccination or opposed to
vaccination cards from the pupils".

The law which Dr. True refers to,
and which, as he says, removes the
distinction formerly drawn between
vaccinated and unvaccinated child-
ren, so that the unvaccinated now
have the same freedom in attending
school that the vaccinated enjoy,
was enacted by the California Leg-
islature at its last session and reads
as follows:

"The control of smallpox shall be
under the direction of the State
Board of Health, and no rule or reg-
ulation on the subject of vaccina-
tion shall be adopted by school or
local health authorities".

Scotland Yards has on record
about 340,000 different sets of fin-
ger prints.

**Dr. F. L. Riley Talks
on 'Garden of Eden'
In Sunday's Lecture**

Dr. F. L. Riley delivered a lec-
ture at Masonic Hall Sunday morn-
ing, using as a subject, "The Gar-
den of Eden".

The lecturer asserted that the
Bible is the most wonderful book
in the world, in spite of the fact it
is not understood he said, by the
average man, for the simple reason
that a "key" is necessary to unlock
the beautiful contained in this sac-
red book.

The story of the Garden of Eden
is an allegory. The Bible so far as
the allegories are concerned, is "a
hieroglyph of the soul", he said.
When the Mohamedans fed to the
flames over 800,000 volumes of
the world's most ancient and
valuable literature for the purpose
of heating the public baths, the
"key" to the allegories for the time
was lost, he said.

Five thousand years before our
Bible appeared, the story was told
in Sanskrit in the ancient Indian
Bible that Adam and Eve lived on
the island of Salom, between the
Euphrates and the Tigris rivers.

"California Covered By Sea"
In support of the fact that chron-
ology of the Bible cannot be cor-
rectly interpreted literally, many
scientific facts were cited, among
which were the facts that no less a
notable than the late ex-President
Roosevelt unearthed a human skull,
which is now on exhibition in New
York, which is over 500,000 years
old; that the entire state of Califor-
nia has been covered at three dis-
tinct times by the sea.

In referring to Adam, he showed
that Adam is the animal nature,
passion, hatred and evil thought.
That Eve is just the opposite, love,
etc; that woman, as incorrectly in-
terpreted, was not the cause of the
fall of man, the cause of all the sin
and trouble which followed, but
just the reverse.

The old man Adam must be put
to sleep before Eve can be taken
from his side, said the speaker.
The spiritual awakens when the an-
imal is mastered. We must eat
the fruit from the tree of life and
not from the tree of good and evil.
The belief in two powers, good and
evil, must be overcome. There is
but one power (Good, God) and to
the extent that man realizes that
fact will he be free from the power
of the serpent, (Evil and Ignor-
ance).

The subject of Dr. Riley's lec-
ture for next Sunday morning will
be "Did the Sun Stand Still?"
The lecturer suggested that his
hearers whose Bibles were dusty,
blow the dust off, turn to the book
of Joshua, 10th Chapter, read care-
fully upon the subject and form an
opinion on the situation.

**Palace Grand Owners

Messrs. Turner, Dahnken and
Langley, owners of several southland
theatres of which the Palace Grand
is one, visited Glendale over the
week-end and inspected the local
house, where a crystal head screen
has recently been installed and a new
Hope Jones-Wurlitzer organ is being
built into the stage. N. J. Fleming,
formerly house manager of the Alva-
rado De Luxe theatre in Los An-
geles, has been transferred to Glen-
dale to take charge of the Palace
Grand. Hereafter there will be only
three changes of program a week,
Sunday, Tuesday and Thursday, he
states.

**Daily Sailings Made
by Harvard and Yale**

With the completion of the mag-
nificent super-express steamship Har-
vard, sister ship to the de luxe Yale,
and her initial run to San Francisco,
on Friday and Saturday of week ago,
the Los Angeles Steamship company,
owners of these two ships, announces
daily sailings between Los Angeles
and San Francisco.

The inauguration of the daily sail-
ings to meet the increased demand
for ocean travel between the two
chief ports of the Pacific, completes
the service that was started some
months ago with the bi-weekly sail-
ings of the S. S. Yale between San
Francisco and Los Angeles. Now,
the Harvard and Yale will sail from
Los Angeles every day except Satur-
days and Sundays, and from San
Francisco every day except Sundays
and Mondays. This schedule is ef-
fective immediately, ships leaving
Los Angeles at 3 p. m. and leaving
San Francisco at 4 p. m. Eighteen
hours port-to-port service will be
maintained on the Harvard, as on
the Yale, the two boats having the
same knot capacity of 24.6 per hour.
The sailings have been arranged with
a view to affording time-saving con-
venience to the business men as well
as the pleasure seeker, the schedule
allowing a late afternoon at sea, and
a night of rest, the boats arriving in
Los Angeles and San Francisco the
next morning.

The newly completed Harvard has
all the features which have gained
such widespread popularity for the
S. S. Yale during the past few
months. She is equal to the Yale in
every respect, in speed, comfort and
luxury. Accommodations on either
ship represent the acme of comfort
and convenience. The novel idea of
the glass-enclosed veranda-cafe hall-
room on the Yale is executed with
the same artistic effect on the Har-
vard. The Harvard has a similar
grand stairway to the Yale, the same
cafe-like dining room accommoda-
tions, with small round tables and
Pullman nooks, lining the walls, and
the same two-berth standard state-
rooms and staterooms de luxe with
twin beds or double daybeds. In
all, the Harvard, with her sister ship
the Yale, has no equal in luxurious
and commodious equipment on the
Pacific coast, and is equalled by few
ships afloat. The special summer
round trip rate of \$35 with sixty-day
stop over privileges will prevail on
the Harvard as on the Yale.

**Vaudeville Show at
Glendale Is Pleasing**

The more clever—the more appre-
ciated: That's the Meiklejohn &
Dunn vaudeville show at the Glen-
dale Theatre every Saturday night.
While there was no "great star" act
everyone was above par of the Les
Anges variety shows. Hazel Stall-
ings whistled delightfully; Johnson
and Crane joked, sang and danced
through a little skit called
"Pinched"; the Campbell sisters
(stage title only) went over big in
their juvenile revue; while Mac and
Williams "raised the roof" with their
dancing.

Man is a noble animal, splendid in
ashes and pompous in the grave.—
Browne.

**French Women Better
Dressed, Is Asserted**

By WILFRED FLEISCHER, Jr.
United Press Staff Correspondent
PARIS, Aug. 8 — Take the word
of a competent American observer,
"French women are better dressed
than ever."

The observer was Milton Wolff
who has just concluded one of the
most important fashion deals in the
history of Paris. Acting for a Fifth
avenue house, he has arranged to
distribute in America, Paul Poiret's
famous collection of 100 models.

"Longer gresses haven't hurt the
appearance of French women," he
said. "The flowing lines of skirt and
sleeve give them a slender, girlish
appearance which is most attrac-
tive."

Wolff had ample opportunity to
study the range of French fashion at
Deauville, the great resort.

"There are just two colors there,"
he said, "white and orchid."

At Wolff's request Poiret exhib-
ited his 1921 dreams for the United
Press.

Dominant features of the display
were:

Long, loose kimono-like effects.
Dim, neutral colors with flares of
oriental red and yellow.
Wide sleeves of Chinese origin.
Hand-painted sleeves and waist
decorations.

Arab superstition provides the
stork with a human heart.

**THE SPIRIT OF THE
AMERICAN DOUGHBOY**

This officially endorsed world war soldier statue, which
has been selected by the National Committee on Memorials
as the American Legion's tribute to the commemoration of
the victims of the ill fated 1919 Armistice Day parade held in
Centralia, Washington, will soon be available to the people of
Southern California in the form of nine-inch miniatures.

This bronze statue, which is an exact replica of the orig-
inal that was recently unveiled at Centralia, has been hailed
by the nation's greatest sculptors as "the acme of perfection."
It is constructed with such indeterminate purpose that every
square inch of its surface is a manifestation of the undying
and immortal spirit of our fighting men in France.

Five per cent of all sales are to go to the sick fund of the
local American Legion Post. This is YOUR CHANCE to help
a WORTHY cause. Our fighting men are in distress—will
you do your bit?
